

AASCB embraces the values of anti-racism, diversity, equity, and inclusion, and is committed to the effort required to put those values into practice.

The work of counseling regulatory boards is centered on standards that must be met to protect the public and ensure client welfare. AASCB is dedicated to supporting boards in meeting that mandate. The more inclusive we are of diverse perspectives and voices, the more effective we can be in meeting our vision of creating a vibrant community to enhance counselor licensure and effective regulation.

We recognize that there is always more work to be done, and we are committed to engaging in the necessary conversations and taking the appropriate actions to center voices historically marginalized voices and provide a space for all to thrive. Our commitment to ADEI is ongoing, building on our progress in becoming more diverse and inclusive, and we will continue to strive to make AASCB welcoming for all.
